Café collection

Sezione dedicata ai prodotti da banco, neutri, riscaldati e refrigerati destinati principalmente a bar e caffetterie.

Le resistenze sono in tubo corazzato mentre la refrigerazione dei buffet è ottenuta con piastre eutettiche con soluzione -23 °C.

Le superfici trasparenti sono realizzate per la gran parte in vetro temperato, mentre i piani di appoggio e le vasche delle versioni riscaldate in alluminio anodizzato.

Section for our countertop products – warm, refrigerated and neutral – aimed at cafés and coffee shops.

The resistors are in armored hose, while refrigerated buffets employ eutectic plates with -23°C solution.

Transparent surfaces are mostly made in tempered glass, while support surfaces and tanks of warm models are made in anodized aluminum.
