FINITURE INTERNE | INTERIOR FINISHES

Il pannello interno può essere in metallo oppure in pelle con effetti e colori diversi. Come il passepartout di un quadro, questo elemento consente di focalizzare e quindi valorizzare l’immagine incorniciata, i Sigari più importanti.

The internal panel can be made of metal or eco leather with different effects and colors. Like the passepartout of a painting, this element allows you to focus and thus enhance the framed image, most important cigars.
